

MITSUBISHI MAGNA

Magna SE. From the ground up, Magna is a brilliant blend of form and function. Those smooth lines contribute to a drag coefficient of only 0.33, which translates into enhanced performance, stability and fuel efficiency.

A CAR OF WORLD CLASS.

The new Magna from Mitsubishi brings the international luxury concept within the reach of Australian motorists. It was developed in

luxurious Elite, the stylish SE or the Executive – you will find that Magna brings a new dimension to the driving experience.

Magna SE instrument panel. Magna's dash and console merge into a single flowing control panel. In this cockpit environment, you are in total and immediate control.

partnership with Mitsubishi Motors in Japan and designed and built to suit Australian conditions.

Whichever model you choose – the

With its wide track, low stance and contemporary rounded styling, Magna possesses an aerodynamic sleekness that suggests performance. Its multipoint fuel-injected Mitsubishi 2600 engine confirms it. At the same time, the new Magna has been designed on a human scale to cosset and protect the driver and passengers. The distinctive Magna characteristics have been retained and enhanced: roominess, comfort,

Magna Executive.

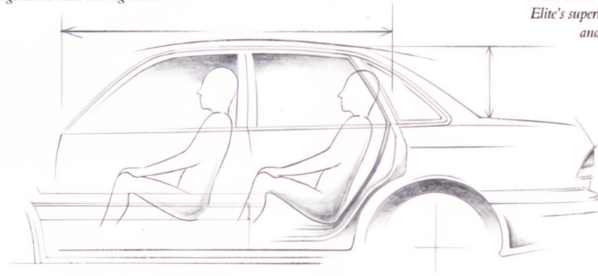

luxury and a smooth, quiet ride. The suspension system takes full advantage of the wide track and long wheelbase to set new standards of handling for an Australian car – without sacrificing the ride and comfort for which Magna has become legendary.

Ergonomically designed seating, with multi-adjustable bucket seats in the front, provides maximum support to counter fatigue.

Convenience for the driver and passengers alike is a paramount consideration. Magna features large armrests, plentiful storage spaces and superb sound systems to make every drive an experience of luxury.

Elite takes the luxury concept even further. Cruise control and automatic temperature control are standard. Elite is also fitted with ETACS, Mitsubishi's Electronic Time and Alarm Control System with an effective theft alarm and various warning functions.

Mitsubishi designers in Australia and Japan have capitalised on styling without sacrificing space, to provide generous head and leg room.

The interior of Magna Executive.

Magna Elite is distinguished by such luxury features as two-tone paint, a half-height adjustable antenna and remote-controlled door entry.

The instrument panel of Magna Elite. The steering wheel houses the controls for Elite's superb sound system and cruise control.

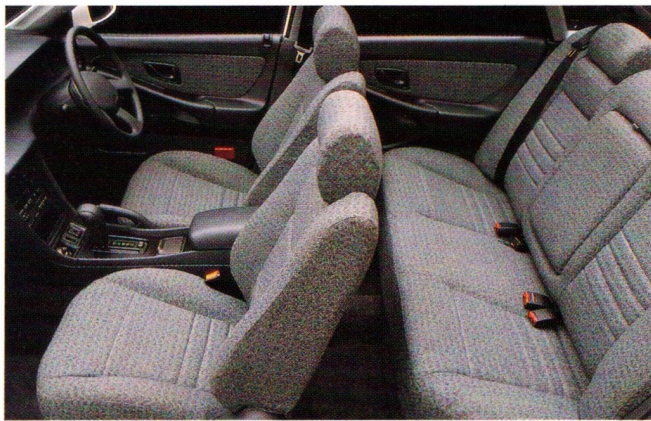

Safety was a critical element of the design task accomplished by Mitsubishi's engineers in Australia and Japan, and you will be reassured by Magna's collision protection measures and other safety features. You will also be delighted by levels of quality control in construction and finish normally associated only with imported vehicles.

The new Magna is now, even

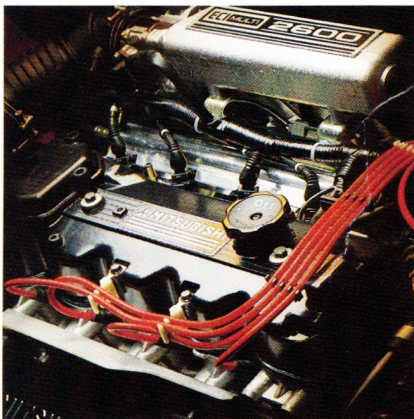

more, in a class all of its own. Why not see it and test drive it at your nearest Mitsubishi Dealer today?

Magna Elite interior. Its luxury features include automatic temperature control, central locking and power windows.

The 'cocoon' interior of Magna SE. Space, comfort and luxury are built right into the interior styling.

Magna's new Mitsubishi 2600 engine, with electronic multi-point sequential fuel injection, is a real performer producing 98 kW of power at 4750 rpm and 212 Nm of torque at 3750 rpm with standard unleaded fuel and 102 kW at 4750 rpm and 220 Nm at 4000 rpm with premium unleaded fuel.

Magna features the newly developed Mitsubishi 2600 engine. It boasts mechanical and electronic advances to provide optimum performance and fuel efficiency. The powerplant is linked to a 5-speed manual or electronically controlled 4-speed automatic transmission. Both systems are newly developed for durability and to complement engine performance. With power steering and 4-wheel disc brakes as standard, you will enjoy smooth, precise control and effortless, reliable stopping.

SPECIFICATIONS

ENGINE		2.6 litre "Balance Shaft" 4-cylinder SOHC with electronic control multi point fuel injection, hydraulic tappets, roller rockers & electronic ignition	
Capacity		2555cc	
Bore x Stroke		91.1mm x 98.0mm	
Compression Ratio		9.2:1	
Maximum Power (DIN)	Standard Unleaded Fuel	98kW @ 4750rpm	
	Premium Unleaded Fuel	102kW @ 4750rpm	
Maximum Torque (DIN)	Standard Unleaded Fuel	212Nm @ 3750rpm	
	Premium Unleaded Fuel	220Nm @ 4000rpm	
TRANSMISSION			
Manual		5-speed, all synchromesh, floor shift	
Automatic		4-speed ELC with overdrive plus power/economy mode, floor shift & full lock-up torque converter	
Ratios	Manual	Automatic	
First	3.166:1	2.551:1	
Second	1.833:1	1.488:1	
Third	1.240:1	1.000:1	
Fourth	0.896:1	0.685:1	
Fifth	0.666:1		
Reverse	3.166:1	2.176:1	
Final Drive	4.068:1	3.958:1	
CLUTCH		Hydraulically actuated single plate diaphragm	
ELECTRICAL SYSTEM		12 volt	
Battery		380 CCA	
Alternator		85 Amp	
BRAKES		Power assisted 4-wheel discs	
Front	Elite	276mm ventilated discs	
	SE & Executive	256mm ventilated discs	
Rear		258mm solid discs	
STEERING		Power assisted rack & pinion	
Ratio		170:1	
SUSPENSION			
Front	Independent Macpherson strut with lower A-arm & anti-roll bar		
Rear	Three link U-beam axle with integral torsion bar, twin trailing arms, lateral locating rod, coil springs & telescopic shock absorbers		
WHEELS			
Elite		6.0JJ x 15 cast alloy	
SE & Executive		5.5JJ x 14 steel disc	
Optional - SE & Executive		6.0JJ x 15 cast alloy	
TYRES		Steel belted radial	
Elite		P205/65R15	
SE & Executive		P185/75R14	
Optional - with alloy wheels		P205/65R15	
FUEL TANK CAPACITY		64 litres	
DIMENSIONS			
Overall Length		4746mm	
Overall Width		1775mm	
Overall Height		1430mm	
Wheelbase		2722mm	
Front Track		1535mm	
Rear Track		1525mm	
INTERIOR SPACE		Front	Rear
Head Room		1010mm	983mm
Leg Room		1098mm	911mm
Shoulder Room		1460mm	1458mm
TRUNK CAPACITY		417 litres	
KERB WEIGHT (Includes a full tank of fuel)		Manual	Automatic
Elite			1452kg
SE		1370kg	1406kg
Executive		1356kg	1395kg
TOWING CAPACITY			
With Trailer Brakes		1200kg	
Without Trailer Brakes		500kg	
Maximum Static Weight on Tow Bar		75kg	
Maximum Static Weight with Hitch		120kg
